- Long range autonomy
- Responsive torque-rich CP2 EU5-compliant engine
- Twin LED projector headlights, position lamps, and flashers
- TFT Meter with smartphone notification
- Compact half fairing with sporty face
- Commanding riding style with comfortable ergonomics

Licensed to thrill

With a thrilling character and a whole lot of attitude, the TRACER 7 is equipped to get your adrenaline pumping whenever you ride. After work or at the weekend, this dynamic Sport Tourer is ready to thrill you with its outstanding performance and lightweight agility.

The 690cc EU5 engine produces a wave of linear torque that just keeps on coming right through the rev range for remarkable acceleration in every gear – and the compact chassis and adjustable suspension slice quickly and precisely through every corner.

The aerodynamic bodywork with dual LED headlights reinforces the bike's modern design and forceful good looks – while a full-colour TFT meter gives you notifications from your smart phone. And with its long-distance ergonomics, wide handlebars and adjustable screen, this versatile middleweight is always ready for your next road trip. TRACER 7: It's Your Turn.

TFT instruments with smartphone notification

TRACER 7 is equipped with a high quality 5-inch full colour TFT meter with selectable Touring or Sport display themes. With smartphone connectivity via the MyRide app you get notifications of incoming calls, emails and messages and can also view detailed running data.

Responsive torque-rich CP2 EU5-compliant engine

Nothing else in the class feels or sounds as good as Yamaha's remarkable 690cc CP2 engine. Its industry-leading crossplane philosophy design gives an uneven firing sequence which delivers strong and linear torque. One of Yamaha's most successful engines of all time, this economical and ultra-responsive EU5 compliant powerplant delivers the sportiest and most thrilling ride in its class.

Lightweight half fairing with sporty face

With its dynamic face and compact bodywork, the TRACER 7 makes a bold statement that just cannot be ignored! Flowing seamlessly into the tank cover, the aerodynamic half fairing offers plenty of wind and weather protection, and its modern design underlines the dynamic character of this class-leading Sport Tourer.

Adjustable front and rear suspension

The TRACER 7 is equipped with adjustable front and rear suspension systems that enable you to achieve optimum handling performance in different situations. The 41 mm cartridge forks and the rear shock feature preload and rebound damping adjusters that make it easy to set up your bike to suit different loads, various road conditions and a range of riding styles.

Long range autonomy

With a capacity of 17 litres, its sleek fuel tank gives you outstanding long range autonomy when paired with the economical CP2 engine.

Lightest in class

Featuring a compact and lightweight chassis with a long aluminium swingarm giving a 1.460mm wheelbase, this is one of the most agile and exciting Sport Tourers. With the lowest weight in the class combined with a thrilling torque-rich engine character, the TRACER 7 gives a truly outstanding riding experience.
