

Beauty in every ride

The TRACER 7 blends thrilling performance, eye-catching style and long-distance comfort. With Y-CCT electronic throttle, YRC modes, Cruise Control, a connected 5-inch TFT display, A&S clutch and switchable traction control, this CP2 sport tourer raises the bar as the ultimate everyday thrill ride.

Forward-motion bodywork flanked by animated position lights makes the TRACER 7 look like it's moving, even at a standstill - while a revised chassis, longer swingarm, upside-down forks and monocross rear shock, provide greater road-holding stability to conquer commutes or distant mountain passes.

With wider handlebars equipped with stylish wrap-around knuckle visor and an ergonomic 18L fuel tank designed to make mounting and dismounting easier, plus an adjustable seat height and refined pillion grips, riding unfamiliar roads of life just became easier and more accessible with the TRACER 7.

- Y-AMT: next-generation shifting
- New dynamic TRACER design balances style and function
- YCC-T electronic throttle, YRC riding modes and switchable TCS
- Adjustable 41mm USD forks for enhanced feel and road-holding performance
- Cruise Control for relaxed long-distance riding
- Chassis and longer swingarm with increased rigidity for enhanced stability
- Larger 18L tank for longer touring
- 5-inch TFT display with smartphone connectivity and navigation
- Intuitive switch gear and auto cancelling indicators
- Radially mounted 4-piston dual front disc brakes
- Torque-rich 690cc EU5+ CP2 engine

Beauty in every ride

Experience the freedom and unrivalled versatility of riding the new TRACER 7. Whether getting to work or going away for a weekend, the highly-equipped middleweight sport tourer delivers thrilling CP2-powered performance, long-distance comfort and supreme handling to excite at every curve.

The TRACER 7's 690cc EU5+ CP2 engine is stacked with linear torque that comes alive throughout the rev range for impressive acceleration, while a revised chassis with increased rigidity and adjustable upside-down front forks provide enhanced road-holding performance to slice through every curve.

Dynamic forward-motion bodywork with dual LED headlights and animated position lights solidify its cutting-edge look, while a refined riding position with adjustable seat height, enhanced screen, Y-CCT throttle, riding modes and Cruise Control make the TRACER 7 ready to conquer any road trip.

A new era of riding with Y-AMT

Revolutionising the way we ride, Y-AMT offers an even more dynamic and exhilarating ride with unmatched levels of comfort and practicality – and TRACER 7 can be equipped with Y-AMT to experience this new dimension. Choose between manual shifting via a finger-operated see-saw switch, or opt for a fully automatic transmission when you need to. Whether you take the bike on everyday sporty rides, challenging commutes or long-distance tours, Y-AMT introduces a whole new element of enjoying the Roads of Life.

New dynamic and aggressive TRACER styling

The TRACER 7 blends dynamic and sporty styling with a functional, compact design to give the appearance of forward motion, even at a standstill. New LED headlights with sharp position lights with a fade-in animation enhance the model's futuristic front end, while a sleek, minimal LED taillight complements its slim, sporty profile.

Electronic throttle, YRC riding modes and switchable TCS

YCC-T (Yamaha Chip Controlled Throttle) unlocks a new generation of rider aids and contributes to an even more linear power delivery. Yamaha Ride Control (YRC) gives you the choice of two throttle maps and switchable traction control, with the option of a customisable YRC mode to tailor the TRACER 7's performance to your exact needs.

Modern, Adjustable suspension

New adjustable 41mm 'upside down' forks offer high levels of control and feel for enhanced road-holding performance while complementing the TRACER 7's image as a serious sport tourer. A monocross linked-type rear shock, adjustable for both preload and rebound damping contributes to a perfect blend of comfort and responsiveness for long-distance sporty rides.

Cruise Control as standard

The TRACER 7 comes with Cruise Control as standard, allowing you to chill out and enjoy the long miles and arrive at the twisty roads refreshed and ready to go. Available from third gear and above 40km/h, it can be adjusted in increments of 1km/h or 10 km/h, depending on the road situation.

Revised chassis and swingarm with increased rigidity

The TRACER 7's high tensile steel backbone chassis provides improved rigidity and excellent stability, even when carrying luggage or a pillion. Its 40mm longer swingarm is designed to balance seamlessly with the updated front forks, enhancing confidence in high-speed corners while retaining the bike's agile, fun-to-ride character.

Engine

Engine type	4-stroke; 2-cylinder; Liquid-cooled; DOHC; 4-valves
Displacement	689cc
Bore x stroke	80.0 x 68.6 mm
Compression ratio	11,5 : 1
Lubrication system	Wet sump
Clutch type	Wet; Multiple Disc
Ignition system	TCI
Starter system	Electric
Transmission system	Constant Mesh; 6-speed
Final transmission	Chain
Fuel system	Fuel Injection
Maximum power	54,00 kW @ 8.750 rpm
Maximum torque	68,0 Nm (6,9 kgf-m) @ 6.500 rpm
Limited power version	N/A
Fuel consumption	4,2 L/100 km
CO2 emission	97 g / km

Chassis

Frame	Diamond
Front suspension system	Upside-down telescopic fork, Ø 41 mm
Front travel	130mm
Rear suspension system	link suspension; Coil spring/Gas-hydraulic damper; Swingarm
Rear travel	139 mm
Front brake	Hydraulic dual disc, Ø 298mm
Rear brake	Hydraulic single disc, Ø 245mm
Front tyre	120/70 ZR 17 M/C (58W)
Rear tyre	180/55 R 17 M/C (73W)
Caster angle	25°10'
Trail	99 mm

Dimensions

Overall length	2.135 mm
Overall width	875 mm
Overall height	1,330 mm - 1,390 mm
Seat height	830 mm - 850 mm
Wheel base	1.495 mm
Minimum ground clearance	140 mm
Wet weight (including full oil and fuel tank)	Standard 6-speed manual: 203 kg; Y-AMT: 206 kg
Fuel tank capacity	18 L
Oil tank capacity	3 L

TRACER 7 Y-AMT

Screen & Connectivity

Adaptive Cruise Control	No
On-screen Navigation	Garmin StreetCross
Smartphone Connectivity	MyRide
